

Remington Park Racetrack & Casino

NOW OFFERING ACH PAYMENTS FOR OWNERS!!!

Frequently Asked Questions:

1. What is an ACH??

An ACH payment is very similar to a direct deposit payment. Remington Park now has the ability to send the funds directly to your bank, at your request, in lieu of sending a check through the mail.

2. What is the benefit of doing an ACH instead of a check?

An ACH payment is much faster than the check. We can have the funds in your bank account within 2 days, sometimes as quickly as 1 day, depending on when you request the funds.

3. How do ACH payments work if I choose to participate?

You can request an ACH the same as you would request a check. The Horsemen's Bookkeeper sends a file to the bank on each race day. Your funds are then deposited the following business day. If you use Incompass Online to request your checks, you will do so the same way and your account will be setup to automatically generate an ACH payment instead of a check.

4. How do I get my statements?

All statements are emailed to you and can always be found through the Incompass Online system. Contact the Horsemen's Bookkeeper for how to setup your IFS online account.

5. Can I still perform transfers from my account to my partners account?

You can still request transfers to other individual's accounts from your account with no issue.

6. How do I enroll? Can I unenroll if I decide I don't like it?

Enrolling is easy! You only need to fill out the additional form, and return it to the Horsemen's Bookkeeper with a VOID check, and that is all you need. If you decide that you do not like ACH Payments, all you need to do is send the Horsemen's Bookkeeper an email asking to be taken out of the ACH program.
