

# CRITERIA TO ENTER OKLAHOMA RACETRACK

325:25-1-32

In order to enter an Oklahoma racetrack, a horse must have a negative Coggins test conducted within the last twelve (12) months. A copy of the original Coggins may be presented at the Stable Gate for entry to the Backside. A negative Coggins (EIA) is required for a horse entering a race and must be the original VS Form 10-11 or an approved electronic version attached to the registration papers and conducted within twelve (12) months of said race. Trainers are responsible for ensuring that a negative Coggins test is in the Racing Secretary's Office as required by the State of Oklahoma. Failure to comply, subjects the Licensee to disciplinary action.

*Below are important updates for all Oklahoma Horseman transporting and racing horses at Remington Park.*

a. *A current health certificate issued within 30 days prior to arrival at the track which shows the vaccination record for each horse. The horse must have been vaccinated with an FDA approved modified live or killed virus vaccine for EHV-1 not less than 14 days and not more than 90 days prior to date of entry. The veterinarian must provide the date of vaccination, the brand, serial number and the expiration date of vaccine.*

## **Testing for Equine Piroplasmosis (OAC 35:15-11-53a)**

All racing Quarter Horses, Paint horses and Appaloosas entering Remington Park shall have proof of a negative Piroplasmosis test (T.equi) within the past twelve (12) months.

## **THE ABOVE CRITERIA MUST BE MET FOR THE HORSE(S) TO ENTER AN OKLAHOMA RACETRACK**
