

HAIR TESTING

It is the goal of Remington Park and OQHRA to provide a race meeting of the highest quality and free of any horse racing practices that are corrupt, incompetent, dishonest, or unprincipled. The fact that every horse must provide a negative hair test prior to entry will provide assurance to every owner and fan wagering on the races that the track is making significant effort to ensure horses are competing without the advantage of prohibited substances.

HAIR TESTING AS A CONDITION OF ENTRY

NO HORSE WILL BE ALLOWED TO ENTER A RACE AT REMINGTON PARK UNLESS RESULTS OF A NEGATIVE HAIR TEST HAS BEEN PROVIDED TO REMINGTON PARK PRIOR TO ENTRY. ALL PRE-ENTRY HAIR TESTING WILL BE FACILITATED BY OQHRA.

- 1. Pre-entry hair test must be collected within 90 days of race day.** Results of a negative test must be on file with Remington Park before a horse is eligible to enter a race.
- 2. As a service for horsemen, OQHRA will facilitate collection and submission of samples for testing of horses that are scheduled for testing at Remington Park.**
 - a. A fee of \$225 must be paid at the time of sample collection.
 - b. Trainer/Owner must contact the OQHRA to schedule hair collection.
- 3. In no event will a horse be eligible to enter a race unless the hair testing has been completed and a negative result has been provided to Remington Park in accordance with these conditions.**
- 4. All Futurities and Derbies during the 2024 meet (for Quarter Horse, Paint and Appaloosa) are ALSO subject to hair testing requirements.** The conditions of each of those races require an additional negative hair test between the tri-als and the final. All hair tests expire in 90 days. This may require an additional hair test before the end of the meet. Allow 10 business days for results once the sample has been collected. It is the trainer's responsibility to have the horse tested in time for the results to be returned prior to entry, and to know when a test is expiring.
- 5. Hair tests and the results of such testing as required by this condition are not considered official tests or results by OHRC**

OQHRA & Racing Office personnel have no knowledge of Hair Testing Results.

PAYMENT OF PARTICIPATION PURSE

The owner of each horse that has provided results of a negative hair test will be paid a one-time \$225 Participation Purse bonus when the horse competes in its first overnight race during the meet. Trials and Stake race participants will not be eligible for this bonus, but if the first start is a trial or a stake race; the payment will be made only if the horse comes back and runs in an overnight race. Payment will be made via Horsemen's Bookkeeper.
