

PREFERENCE SYSTEM

(1) All horses intended for racing at Remington Park will be assigned a preference date when original registration papers with a current Coggins (should be issued after June 1, 2023) attached to papers are submitted to the Racing Office. A horse can have only one date at any particular time. Dates assigned will be four types:

0-DATE: This can only be attained if a horse's Certificate of Registration with a negative Coggins Test was submitted to the Racing Office by Wednesday, February 21, 2024

M1,M2: This date corresponds to a horse with a date which is excluded from a race. Example: When a horse with a 0 date is excluded from a race he receives a M1. If he is excluded again he receives a M2. A M2 has preference over a M1. (For 2 year old Maiden Allowance Races only.)

R-DATE: All registration papers received or post marked after zero date will receive an "R" date corresponding to the racing date of the meeting when registered. This date will correspond to the day of a horse's most recent race at Remington Park. An R-Date will be assigned to a horse which is scratched.

(2) Preference dates shall be given in all races, except handicaps and stakes, according to a horse's previous race during the current meet.

(3) Any horse running in a stakes race or a trial will retain its previously held preference date.

(4) Horses which are drawn into races will receive a running date corresponding to the date on which they are to run and will lose all dates previously held (excluding trials or stakes races).

(5) All horses placed on lists will be posted on the bulletin board. They will not be permitted to enter until they have come off the list. A horse which raced before going on a list will keep its R date.

(6) Horses which were scratched will be given an R date as of the day the horse comes off the list.

(7) Horses which have established a date at the current meeting will lose that preference date should their papers be withdrawn from the Racing Office or demonstrate intent to race anywhere by entering at such tracks and must enter to reestablish a preference date at this meeting. Should a horse's papers be with-drawn from the Racing Office for just cause (i.e. tattoo, corrections, change of ownership, etc.) the Racing Secretary may determine the status of the preference date established.

(8) There will be no special preference dates for Oklahoma Bred horses.

(9) Preference dates will not supersede conditions of the races.

(10) Horses with dates established which re-enter but do not get in will keep the date previously established.

(11) Maidens entering against winners will receive least consideration with exceptions of money earned preferences.

(12) Any discrepancy pertaining to the draw must be reported to the Racing Secretary's Office.

(13) Statistics provided by Equibase will be used in determining eligibility unless the Stewards determine that the Equibase chart is incorrect.

(14) Any Horse that has a transfer of trainer (other than a claim) during the 2024 Remington Park Quarter Horse/Paint and Appaloosa meet will lose its preference date and receive an "R" date corresponding with the race day on which the transfer occurred. If the horse has already started in an overnight race and a transfer of trainer occurs, an "R" date will be assigned.
