E. BACKSIDE MANURE HANDLING PROCEDURES

Provide expected guidelines and procedures for handling manure, soiled bedding and trash from the barn areas on the Backside. Post rules for handling manure by Horsemen. Provide covered or contained manure/bedding storage containers. Conduct and document inspection of manure storage/handling areas.

1. Remington Park is responsible for providing sufficient covered trash and designated manure/bedding storage bins/container for each barn and manure bunker location.
2. It is the Horse Trainer's responsibility to ensure that all manure and soiled stall bedding is properly disposed of in the manure bunkers.

3. Trainers are additionally responsible to ensure that any manure bedding, etc., dropped from the wheel barrels between the stalls and the bunkers (to include all around and inside the manure bunkers) is subsequently picked up and placed in the designated bunkers.
4. As bunkers are reaching their capacity Trainers will call the Stall Office (405-425-4090), to request a fresh bin to be put in place. Do not over-fill the bunkers.
5. Trainers are responsible for assuring that all trash, bottles, cans, etc., are properly placed in the large trash containers at the ends of each barn and not in the covered manure/bedding containers or in the bunkers.
6. Trainers are responsible for picking up and properly disposing of manure deposited by their horses during/after exercising on Hot-Walkers.
7. Horses must be washed only in the designated horse wash-racks 8. inside each barn.
8. The Stall Superintendent is responsible for conducting a daily inspection of the barns and manure bunkers, make sure trash is being placed in the proper container and area around the barn and manure bunkers are clear of soiled bedding/manure and if bins are overfilled. The inspection findings will be recorded on the Remington Park "Daily Inspection Report Form for Bunker Locations." The Remington Park Stall Manager will submit the completed forms daily to the Facilities Director and the Director of Internal Compliance.
9. Remington Park Facilities Department will ensure that all streets and parking areas between the barns on the backside will be swept (street sweeper) bi-weekly. The collected contents of the sweeper must be deposited inside a covered manure bin for collection.
10. Remington Park Security Department is responsible for conducting a daily property and backside inspection. Security will complete the "Daily Property & Backside Exterior Security Patrol Safety and Environmental Observation Checklist" form.

A copy of the Rules/Policy will be posted inside each barn and at the Stall Office.
